

# PARENTAL CONSENT FORM

## for Kahoot, Quizlet, and Flipgrid

Parents/Guardians, because of the school district's new computer usage policy, we are still waiting for some of the learning apps that we have used in the past to be approved. Kahoot, Quizlet, and Flipgrid are some of those that are used frequently in several different subjects. We will eventually be granted approval, but during that waiting period, this consent form must be signed/dated in order for your student to participate in activities using the above apps mentioned in my class. Those students who don't have parental consent will only be able to observe other students in these activities.

Please contact me with any questions regarding this issue.
